

Make your
garden
beautiful with
Sydney Water

Love your garden

ENGLISH MARIGOLD, *calendula officinalis*. This annual marigold has dark orange daisy-like flowers with reddish-brown tinted petals. It has very aromatic leaves and is a hardy plant. Best to keep the soil moist and well fertilized. Plant in full sun.

There are four postcards to collect. Please pass them on to other gardening enthusiasts.

“The horticulturist gave us excellent advice on exactly how to maintain our garden. He even told us how to save our crab apple tree. The service was incredibly good value for money.”

Janet from Malabar

Love Your Garden

Love Your Garden is a service from Sydney Water to help you get the most out of your garden while being wise with your water.

To prepare a tailored watering plan for your garden, a Sydney Water horticulturist will visit your property to look at:

- soil type and quality
- positions of plants and trees
- type of lawn
- amount of sunlight and shade
- slope of your lawn and garden

What do you get?

Your Sydney Water horticulturist will give you smart watering advice and tools tailored to your garden. This includes a rain gauge and Tap Tags™.

Following your appointment we will also mail you a detailed report. The report outlines the watering needs of your garden, recommendations for plant types, lawn, mulch, soil improvers, even the most appropriate rainwater tank size. You will also receive vouchers for water wise products and services.
