

Monthly meter reading

Apply for more frequent water use bills

If you'd like more frequent water use bills, we can read your meter and send you a bill once a month. We'll still send you a quarterly bill for your service charges and the monthly meter reading fee.

Please fill out this form if you'd like us to read your meter monthly.

Your details

Cost

We'll charge you \$32.52 a quarter for this service on your quarterly bill. This charge is for each property and is subject to CPI increases.

You can't pay a monthly bill with Direct Debit. You can only pay a quarterly bill with this type of payment.

A monthly bill is not available if we bulk bill you.

Start and end

Once we receive your form, we'll read your meter monthly, starting from the next month. If you no longer want a monthly bill, call us on 13 20 92 and you'll return to quarterly bills.

Meters

So that we can send you a monthly bill, we'll read all the meters on your property except for private, check or master meters (we use check meters to deduct the cost of water use from a master meter).

Conditions

- You must tell us if you no longer want this service.
- Your meter must be clear and accessible for the meter reader.
- You must pay each bill in full by the due date.

Declaration

I agree:

- with the conditions of this service
- to pay \$32.52 each quarter for a monthly bill.

Your name: _____

Your signature: _____ Date: _____

Return the form

Please email the completed application form to customeraccounts@sydneywater.com.au or post it to:
