

We're working at the Menangle Park wastewater pumping station

24 September 2025

We are enhancing the water and wastewater infrastructure in Menangle Park to support the growing community. This project is part of a broader strategy to ensure reliable and sustainable water services in the Greater Macarthur region.

As part of above project, Sydney Water's West Region Delivery Team is upgrading the existing wastewater pumping station located at the north of Fitzpatrick Street, Menangle Park. The work involves upgrading the existing capacity of the pump station to support the current and future growth in the area.

Work is planned to start during week commencing Monday 29 September and is expected to take around 12 months to complete. **Our standard work hours are 7 am to 6 pm Monday to Friday and 8 am to 1 pm on Saturday, if required.**

Out-of-hours work

In addition to our standard working hours, we plan to commence working on **Saturdays from 7am to 6pm, from 4 October 2025 to 14 March 2026**, as we need to work consecutively on Saturdays to carry out the relevant construction activities and help complete the project efficiently.

We do not plan to work on Sundays or over public holidays, including Christmas and New Year's break.

As you are a key member of the community, we'd like to keep you informed on the project and how we plan to manage the potential impacts of this proposal. See map overleaf for our work location.

What you need to know

The work will be confined to the pumping station, but while we are on site you may notice temporary increased noise from:

- vehicles and equipment travelling to and from the plant
- increased activity around and within work area (including vehicle parking, heavy vehicle and equipment movements)

The work also requires us to access operational areas of the plant, including lifting hatches, which will result, at times, in a temporary increase in odour.

Our works will not affect your drinking water or wastewater services.

We know our work can be disruptive, so we'll make every effort to minimise any impact on you.

Approximate Work Location: North of Fitzpatrick Street, Menangle Park

Who can I talk to?

If you would like to provide feedback on our proposed out of hours work schedule or have any concerns, **please call us on 1300 653 817** or email: westregiondelivery@sydneywater.com.au. To know more about this work, you can scan the QR code for more details.

For other Sydney Water repairs or faults, please call **13 20 90 (24 hours)**.
For billing and general enquiries, please call **13 20 92**.

All media enquiries are to be directed to the Sydney Water Media team on **8849 5151**.

For further updates...

If you like to receive updates via email, please provide your details by scanning the barcode.

More information about this infrastructure, as well as the needs and benefits, will be shared with you soon.

Best regards,

Hilary McMahon
Senior Project Manager, Sydney Water
