

Refresh Vaucluse and Diamond Bay

COMMUNITY POP-IN SESSION

SATURDAY 22 MARCH 2025

ANYTIME BETWEEN 12.00PM AND 2.00PM

Come and meet the project team and find out what's happening at Parsley Bay

Below the cliffs of Vaucluse and Diamond Bay, wastewater flows directly into the ocean untreated. Sydney Water are building new infrastructure to divert the flows from the last three remaining ocean outfalls in Sydney to the Bondi Resource Recovery Facility.

In Parsley Bay, we are building a new pump station and wastewater pipelines, upgrading wastewater assets and adding new amenities to the Caretaker's Cottage.

Where: Parsley Bay Reserve (near playground)

Pedestrian access is open using existing walking paths and tracks on Horler Avenue, Hopetoun Avenue (northern path only), The Crescent and Fitzwilliam Road. Carparking is available on local streets, as the car park via Horler Avenue is closed.
