Richmond System Wastewater Upgrade project

Temporary road closure and night work on Francis Street, Richmond

As part of our construction activities for the Richmond System Wastewater Upgrade, traffic on Francis Street, Pitt Street, Bourke Street and Jersey Street will be detoured while we undertake night work along Francis Street, Richmond.

This work will also generate noise. Our team will work to mitigate noise with sound barriers such as noise blankets, and by scheduling work such as saw cutting and asphalt removal at the commencement of each shift. We will contact residents directly who will be most impacted by noise from these night works.

What's happening

We will be installing a new wastewater pipeline (see map overleaf for details).

When and where we'll be working

To minimise daytime traffic congestion, work will be carried out over a series of night shifts;

Tuesday 30 September and Wednesday 1 October

Tuesday 14 October, Wednesday 15 October, and Thursday 16 October

Contingency dates if required:

Monday 20 October, Tuesday 21 October, and Wednesday 22 October

The working hours for each night shift will be from **7pm until 5am**, weather permitting. Work will be carried out along Francis Street and there will also be detours in place along Pitt Street, Jersey Street and Bourke Street.

Equipment we will be using

Equipment used will include lighting towers, generator, saw cutter, excavator, vac truck, tippers, compaction equipment, light and heavy vehicles, water cart, and hand tools.

Private property access

We will make sure that residents continue to have access to driveways and private properties during construction. If we need access to a Sydney Water asset located within your property, the Community Engagement team will notify you separately to arrange access.

All on street parking will be temporarily disrupted during these work hours.

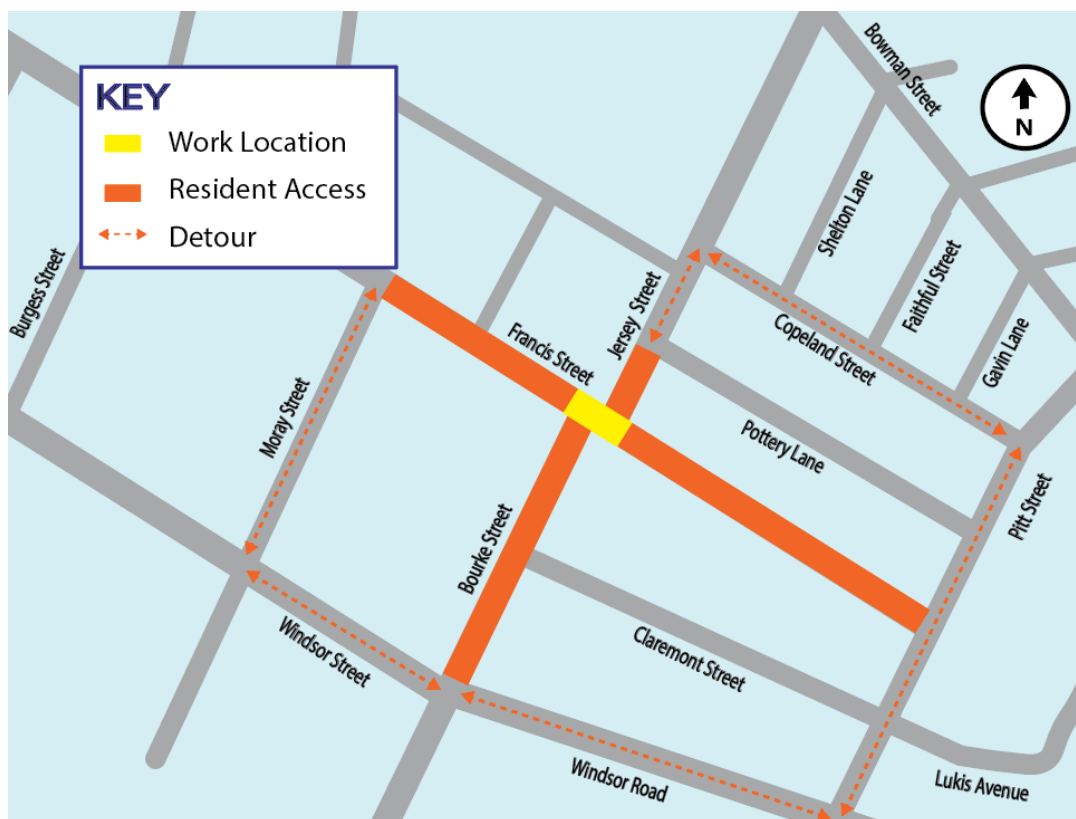

Traffic management

During our work temporary detours and lane closures will be in place. Authorised Traffic Controllers will assist with traffic flow whilst keeping you and our team safe. Please be mindful when walking, cycling or driving near our construction activities and always follow instructions from our traffic management team.

Detours will be in place from **7pm until 5am**.

Refer to the Variable Message Signs surrounding the work area for updates to traffic conditions and detours.

Where the work is taking place

Work area along Francis Street, Richmond

Where do I get more information?

If you would like to know more, please contact our community engagement team on **1800 010 086** or email us at richmondswu@sydneywater.com.au
