Richmond System Wastewater Upgrade project

Upgrade to the gravity wastewater pipeline - North Richmond

Sydney Water, together with our Delivery Partner BMD Constructions, is upgrading its wastewater infrastructure in North Richmond and Richmond to meet the needs of Richmond's growing population.

Construction will start in North Richmond from **Monday 3 February 2025** with work expected to take up to six months to complete, weather permitting.

Work activities in North Richmond and Richmond will be delivered in stages with an expected completion date in late 2025.

What's happening (map overleaf)

We will be upgrading the existing gravity pipeline, installing approximately 1km of pipeline along Grose Vale Road, Elizabeth Street and the rear of Monti Place in North Richmond. The project will use open trenching to excavate the ground along the proposed pipelines, lay the pipe, and then backfill the work area.

Vegetation clearing

As the project starts to prepare for construction of the new pipeline there is some initial vegetation removal, tree pruning and weed management that is required. All vegetation clearing and pruning will be completed by qualified arborists under the State Environmental Planning Policy (Transport and Infrastructure) 2021. All removed vegetation will be replanted in line with Sydney Water's biodiversity guidelines in consultation with Hawkesbury City Council.

The heritage tree outside the North Richmond Community Centre will be retained.

Restoration work

Once the above work is finished, all sites will be re-established and impacted areas will be restored.

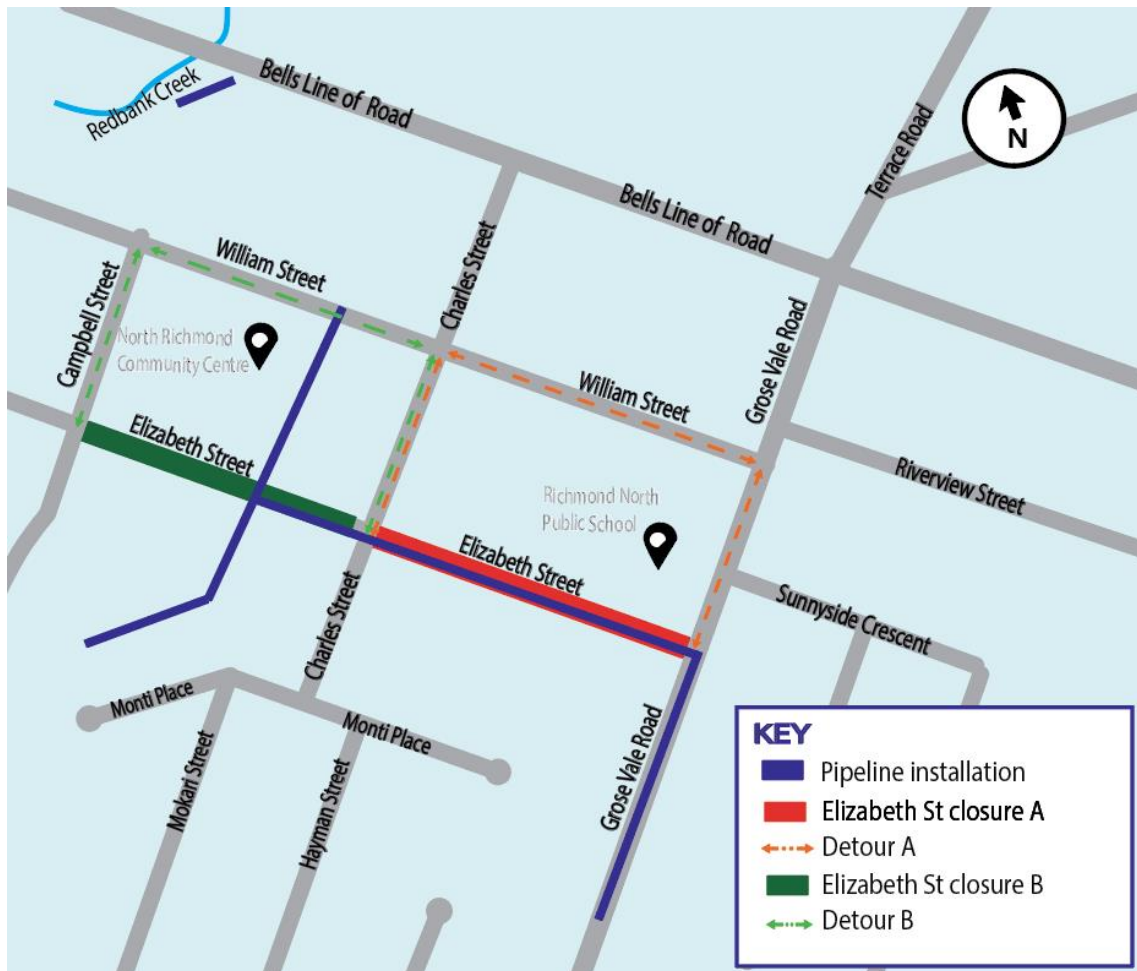

Equipment

Equipment used will include concrete agitators, chainsaws, excavators, vac trucks, tippers, compaction equipment, light and heavy vehicles, pole grabber, concrete pumps, waste removal equipment, water carts, generators, elevated working platforms, mulchers, and hand tools.

Private Property Access

We will make sure that residents continue to have access to driveways and private properties during construction. If we need access to a Sydney Water asset located within your property, the Community Engagement team will notify you separately to arrange access.

Some street parking will be temporarily disrupted.

North Richmond work area including detours.

Traffic management

During our work temporary detours and lane closures may be in place. Authorised Traffic Controllers will assist with traffic flow whilst keeping you and our team safe. Please be mindful when walking or driving near our construction activities and always follow instructions from our traffic management team.

Our work hours

Our work hours will be from Monday to Friday, 7am to 6pm and if required on Saturdays from 8am to 1pm. We will not work on Sundays or public holidays. If we need to work outside of these regular hours, we will let you know in advance.

Where do I get more information?

If you would like to know more, please contact our community engagement team on **1800 010 086** or email us at richmondswu@sydneywater.com.au

You can also find out more about the project and register for email updates by visiting our Sydney Water Talk page www.sydneywatertalk.com.au/richmondswu
