Ryde to Pymble pipeline upgrade – We’re doing investigation work in your area

Sydney Water and our delivery partner, McConnell Dowell – Gamuda Joint Venture, are bringing the Ryde to Pymble drinking water pipeline back into service and upgrading the connection to Wahroonga Reservoir. This essential work will help provide a more reliable water supply and support the growing needs of Sydney's North Shore.

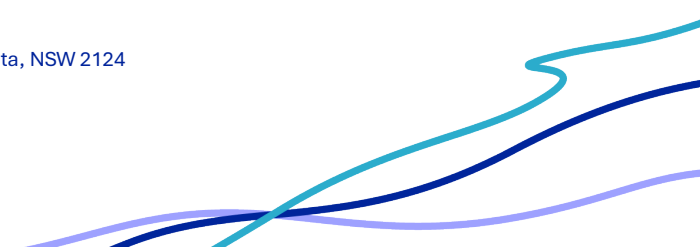

What we’re doing

We need to carry out potholing investigation work to locate underground services and assess ground conditions along **Kissing Point Road** between **Canoon Road** and **Wattle Place**, including the intersection of **The Comenarra Parkway**. Please refer to the maps on the back of this notice for the service location area.

To reduce traffic impacts at this busy intersection, work will be carried out at night between **8pm** and **5am**, subject to weather and site conditions.

Work schedule

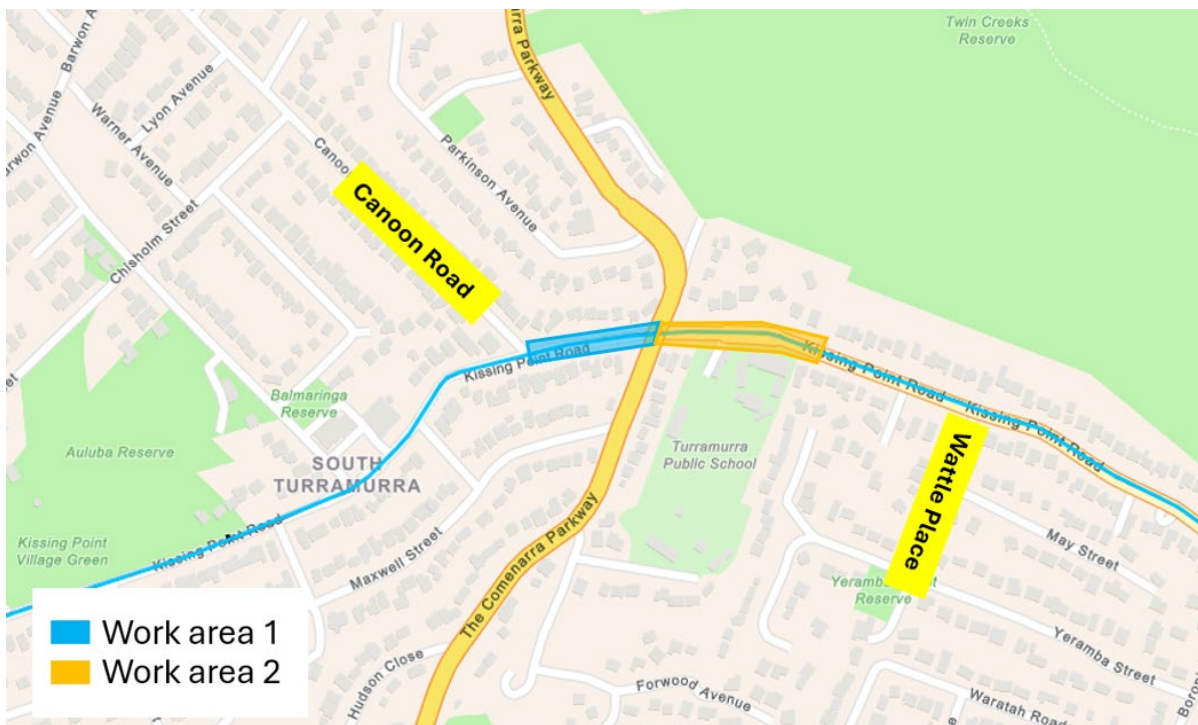

Location	Dates
Canoon Road to The Comenarra Parkway	Monday 7 September and Tuesday 8 September 2026
The Comenarra Parkway to Wattle Place	Wednesday 9 September 2026 and Thursday 10 September 2026

What to expect

- Noise from excavation equipment, vacuum trucks and work crews. Noise blankets will be used where practical.
- Single lane closures and temporary parking restrictions.
- Traffic controllers will be onsite to assist motorists, cyclists and pedestrians. Please allow extra travel time.
- Property access will be maintained where possible. Residents will be contacted in advance if work is required near driveways or access points
