Ryde to Pymble pipeline upgrade – We're doing investigation work in your area

To support Sydney's growing communities, Sydney Water is reinstating the Ryde to Pymble (RP03) water pipeline to strengthen network resilience and support population growth across Sydney's northern suburb.

What we're doing

Before construction begins, we need to undertake investigation work to locate underground services and inspect the ground conditions so we can work efficiently and avoid delays.

This work will be located along **Kissing Point Road** between **Havelock Street** and **Auluba Street**, our work hours will be from **7am** to **6pm** on **Friday 29 May** and **Monday 1 June to Friday 5 June 2026.**

What you need to know

We understand that our work can be disruptive, and we will make every effort to minimise impacts on you.

You may experience some noise from vehicles and machinery on site while we undertake these works. During this time, construction vehicles and equipment may occasionally occupy street space. Traffic controllers will be on site to help maintain traffic flow and ensure the safety of pedestrians, cyclists, and motorists.

There will be no lane or road closures during this work.

Access to and from some homes and buildings may be temporarily restricted. If we need to work in front of or near your driveway, we will notify you in advance.
