Ryde to Pymble pipeline upgrade – We’re doing night work in your area

We’re reinstating the water main at the corner **Epping Road and Daymon Place, Epping** to meet the growing demand for drinking water and support continued growth across Sydney’s northern suburb.

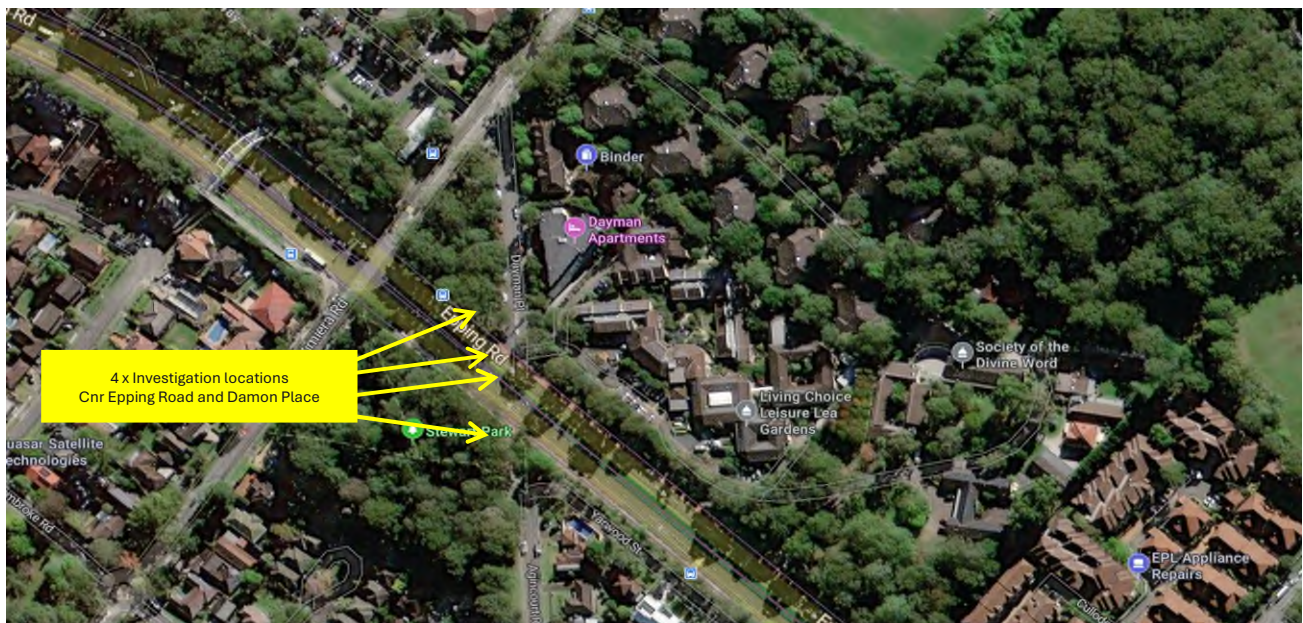

What we’re doing

Before construction begins, we need to locate underground services so we can work efficiently and avoid delays.

While most of our investigations are being done during the day, some small sections need to be done at night to reduce the impact on traffic along Epping Point Road.

Our night work hours will be from **8:00pm to 5:00am** on **Monday, 23 March and Tuesday 24 March 2026**.

Work locations

Sydney Water Corporation ABN 49 776 225 038

2 Parramatta Square, 1 Smith Street, Parramatta, NSW 2150 | PO Box 399, Parramatta, NSW 2124

Telephone 13 20 92 sydneywater.com.au

What you need to know

We understand that our work can be disruptive, and we will make every effort to minimise impacts on you.

You may experience some noise from concrete cutting, digging, and machinery on site. Concrete cutting will finish before 10:00pm and excavator use will stop by midnight. Non-destructive digging may continue until 5:00am.

Vehicle movements will be kept to a minimum. During investigations, you may notice short-term, minor noise and disruption from potholing and geotechnical work.

Access to and from some homes and buildings may be temporarily restricted. If we need to work in front of or near your driveway, we will notify you in advance.

Construction machinery and trucks may occupy street space at times. Traffic controllers will be on site to help maintain traffic flow and ensure everyone's safety.
