An update about work in your area

We're upgrading the wastewater system in Kellyville to help service the growing community.

We wrote to you in August to provide an update about our work to upgrade the wastewater system, including a temporary change to our work hours.

What do I need to know?

Based on recent community feedback, we will change our extended hours to **6:30 am to 6:30 pm, Mondays to Fridays and 7 am to 5 pm Saturdays** while we complete the remainder of our tunnelling work. We expect this to take about four weeks, weather and ground conditions permitting. Once our tunnelling work is complete, will then change to 7 am to 6 pm, Mondays to Fridays, and 7 am to 5 pm Saturdays. We won't work on Sundays or public holidays.

Once our tunnelling work is complete, we will continue to install key parts of the new system, such as maintenance holes and the vent shaft before connecting the new section to the existing network. We will liaise with Council to organise permanent restoration and replant vegetation when construction is complete.

Where do I get more information?

If you would like to know more, please contact us on 1800 943 119 or email confluence@sydneywater.com.au.

Thank you for your cooperation during this essential work.

Sydney WATER
Water IS OUR LIFE

Building new wastewater services in Kellyville

At times, we'll temporarily extend our pedestrian closure while we work nearby. Traffic controllers will be on hand while we do this.
