Subject: Upper South Creek Advanced Water Recycling Centre (SSI-8609189)– Remediation Action Plan – Pipelines

Dear Ms Cahill,

I refer to the Remediation Action Plan (RAP) – Pipelines (Revision 03, dated 6 March 2024) and Interim Audit Advice provided by Mr Andrew Lau (Revision 0, dated 20 March 2024), submitted to the Department of Planning, Housing and Infrastructure (the Department) as required under Condition E84 of the Upper South Creek Advanced Water Recycling Centre project (SSI-8609189). I also acknowledge your response to the Department's review comments and request for additional information.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions of approval for SSI-8609189. You are reminded that if there are any inconsistencies between the RAP – Pipelines and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience. If you wish to discuss the matter further, please contact Natalie Froud on 02 8275 1684 or natalie.froud@dpie.nsw.gov.au.

Yours sincerely
